

DCOXX SLAB PREVENTIVE MAINTENANCE PACKAGE

This special program has been developed for customers who wish to retain the services and benefits of a factory trained Rofin-Sinar, Inc. engineer to perform the prescribed preventive maintenances on your DC 0XX series laser. This preventative maintenance program and pricing is set-up to provide incentives for Rofin-Sinar, Inc. customers to have factory trained and qualified personnel maintaining your significant capital investment.

Rofin-Sinar, Inc. will perform the prescribed preventive maintenance and retain records of any deficiencies uncovered during the PM process. After completion, our engineer will advise you on any deficiencies found and provide corrective action and costs associated with resolving those issues.

By having Rofin-Sinar, Inc. perform your PM's you can rest assured that any problems can and will be quickly diagnosed before they cause any valuable loss of production time due to a hard down condition that might require an emergency visit. It is the mission of Rofin-Sinar, Inc. Service Department to help facilitate customers in coordinating a correct and timely PM schedule so the need of such an emergency visit can be minimized and overall production of your facility will be maximized.

RECOMMENDED UPGRADES FOR YOUR DC0XX LASER

STAINLESS STEEL GAS FILL LINE/GAS BOTTLE REGULATOR

WITH THIS COMBINATION, YOU CAN REST ASSURED THAT GAS BOTTLE LEAKS WILL BE A THING OF THE PAST. THE USE OF RIGID SWAGELOK® TYPE CONNECTORS INSURE A TIGHT, SECURE SEAL EVERY TIME.

STAINLESS STEEL GAS LINE

FOR DC010 - DC025 USE PART NUMBER 290077

FOR DC030 - DC060W USE PART NUMBER 290078

REGULATOR (add 2522-0381 swagelok fitting for stainless steel gas line upgrade)

FOR ALL MODELS USE PART NUMBER 2204-0120

INTEGRATED GAS BOTTLE MEASURING

ELIMINATE THE NEED TO SHUT DOWN THE LASER AND OPEN THE DOOR TO SEE WHAT THE LASER GAS BOTTLE PRESSURE IS. WITH THIS OPTION, THE PRESSURE IS DISPLAYED ON THE ROFIN OPERATORS SCREEN.

FOR ALL MODELS USE PART NUMBER 250-9932-1

* *THIS OPTION REQUIRES SPECIAL GAS REGULATOR (INCLUDED IN KIT).*

* *MAY ALSO REQUIRE SOFTWARE UPGRADE*

* *NOT AVAILABLE FOR DC0XX VERSION 1 LASERS*

VOLTAGE CONTROLLED FILAMENT—BACK HEATING COMPENSATION

FILAMENT CONTROL UPGRADE. DESIGNED TO IMPROVE RF TUBE OPERATION AND LIFE CYCLE.

FOR ALL MODELS USE PART NUMBER 101109903
